

 ${\mathcal H}$ ello, my name is Henry.

I live in a special home with Dolly the dog.
I get lots of love and attention; my Mom says
that I am special. My friend Tink is special too.

I am missing one leg and Tink is missing two legs.
But that doesn't keep us from chasing each other and having fun!!!

I love to explore new places, play with Dolly and Tink, and sometimes hide under the bed. My favorite place is my "cat condo." It's an outdoor wiremesh house where I can sit quietly and smell the flowers, breathe the fresh air, and enjoy the warm sun. I spend a lot of time there thinking . . . about my family, my friends, and my world where butterflies, ladybugs, and lizards like to play.

Read my story and the lessons I have learned. I am sure you also have your own story to share.

Write to me soon!

Love, Henry
